

Junior Achievement USA[®] STEM Connections

Technology Tools*

JA Content	Volunteer Delivery
STEM-related content is included in the JA program.	STEM-related content can be easily integrated by the JA volunteer.

Elementary School Programs

JA Ourselves[®] uses compelling stories read aloud by the volunteer, along with hands-on activities to demonstrate helping, working, earning, and saving.			M	E				STEM
JA Our Families[®] introduces students to the intersection of entrepreneurship and first-grade social studies learning objectives, including how family members' jobs and businesses contribute to the well-being of the family.		E	M			STEM		
JA Our Community[®] explores the interdependent roles of workers in a community, the work they perform, and how communities work.			M					STEM
JA Our City[®] introduces students to the intersection of financial literacy and third-grade social studies learning objectives, including the characteristics of cities and how people and businesses in cities manage their money.			TM	E			TM	
JA Our Region[®] introduces students to entrepreneurship and how entrepreneurs use resources to produce goods and services in a community. Students solve problems by weighing risks and rewards.		M				STEM		STEM
JA Our Nation[®] provides practical information about businesses' need for individuals who can meet the demands of the job market, including high-growth, high-demand jobs. It introduces the concept of globalization of business and the need for students to be entrepreneurial in their thinking.	Take-home CD for student use					STEM	STEM	STEM
JA More than Money[®] teaches students about earning, spending, sharing, and saving money, and businesses they can start or jobs they can perform to earn money.	Take-home CD for student use		M			STEM		STEM
JA BizTown[®] engages students in the role of workers and consumers both in the classroom and at a simulated business community.	Software for site visit		M			STEM		STEM

Middle School Programs

JA America Works[®] provides students with examples of how business and entrepreneurship affected the economic development of the United States during the 19th century.	Take-home CD for student use							STEM
JA Economics for Success[®] provides practical information about personal finance and the importance of identifying education and career goals based on a student's skills, interests, and values.	Online interactive games; Online JA Career Assessment		M					STEM
JA Finance Park[®] helps students build a foundation for making intelligent, lifelong, personal financial decisions through hands-on, realistic site-based and virtual experiences.	Software for site visit; Virtual version of simulation		M			STEM		STEM
JA Global Marketplace[®] provides practical information about the global economy and its effect on students' lives.	Take-home CD for student use							
JA It's My Future[®] provides practical information about preparing for the working world while still in middle school.					STEM	STEM		STEM
JA It's My Business![™] emphasizes entrepreneurship while providing a strong focus on social studies, reading, and writing skills. Students use critical thinking to learn entrepreneurial skills as they explore and enhance their career aspirations.						STEM		STEM

High School Programs

JA Be Entrepreneurial[®] introduces students to the essential components of a practical business plan, and challenges them to start an entrepreneurial venture while still in high school.	Online tools							STEM
JA Career Success[™] equips students with the tools and skills required to earn and keep a job in high-growth career industries.	JA Success Park app					STEM		STEM
